

2018 Ultimate Photography Bundle Wholesomeness Guide

“What shall we say then? Shall we continue in sin, that grace may abound? God forbid. How shall we, that are dead to sin live any longer therein? . . . Let not sin therefore reign in your mortal body, that ye should obey it in the lusts thereof. Neither yield your members as instruments of unrighteousness unto sin: **but yield yourselves unto God** . . . and your members as instruments of righteousness unto God” (Romans 6:1–13)!

Lukewarm

It is recommended that the following resources be reviewed by a parent first. Some were not accessible in their entirety, some presented videos with various styles of music, some were just sooooo long we couldn't reasonably review it all, and some portrayed content at various levels of the cultural norm, from pictures of women in tight pants, sleeveless tops or less-than-knee-length skirts, to kids in bathing suits or at dance class. Most example images come from typical, every-day family life.

1. MASTER YOUR CAMERA

Learn Manual Mode by Lorrin Sell
Homespun and the farthest from appearing professional. But perhaps that is it's strength.

Beyond Snapshots: Mastering Mobile Photography by Rebecca Cooper
Not my personal favorite

iPhone Photography Course for Parents by Kyle Shult
A very professional video course

Fabulous Phone Photography by Karin van Mierlo
In my opinion, lacks substance and quality in presentation

2.
